We are hiring another Concrete Batch Plant Operator to join our team!

Lock-Block Ltd. is looking for progressive and productive individuals interested in building a career with a rapidly growing precast concrete and aggregate producing company in Richmond, BC.

The **Batch Plant Operator** will be responsible for overseeing all batching requirements and materials, to ensure efficiency is maintained and projects remain on schedule for the manufacturing of all of our products.

WHY WORK FOR LOCK-BLOCK?

- Competitive Wages
- Employee Benefits (Medical, Dental, Life Insurance, Long Term Disability, Employee Assistance, RRSP matching)
- Support For Additional Training
- We Aim To Promote From Within
- Paid overtime
- Annual bonus eligibility
- Company Barbecues and Year End Holiday Party

DUTIES AND RESPONSIBILITIES:

- Accurately proportion cement, aggregates, water and admixtures in batches to load into ready mix trucks.
- Work with production, transportation and dispatch departments regarding material delivery.
- Responsible for keeping accurate weight, measure, and billing information to ensure proper crediting to customers.
- Responsible for compliance with applicable environmental regulations as it relates to the proper operation of batch plant equipment.
- Responsible for daily inspection of facilities and will complete maintenance checklist.
- Perform quality control on the materials.
- Operate a front end loader in the yard when needed.
- Drive ready mix cement trucks in the yard.
- Test concrete for conformance with mix design and specification.
- Operate the Marcotte Batching compute program.

- Comply with Company policies and procedures.
- High regards to personal safety and the safety of others.
- Perform other tasks as required by Management.

SKILLS & QUALIFICATIONS:

- At least 6 months of prior batching experience is required.
- Ability to understand appropriate uses of various mix designs.
- High attention to detail and accuracy as well as analytical skills.
- Maintenance experience is an asset.
- Experience working at an aggregates plant is highly preferred.
- Commercial drivers' license is a plus.
- Must be able to lift up to 50 lbs
- Computer knowledge is required.
- Marcotte experience is an asset.

Job Type: Full-time; Mon-Fri 8am-4pm

Please apply with your resume indicating **Batch Plant Operator** in the subject line. We thank all candidates who apply; only those selected for an interview will be contacted.

About Lock-Block Ltd.

We are the original manufacturer of the Lock-Block™ modular retaining wall unit and we have been making them since 1984. We began our operation with one thing in mind: the environment. We started out making retaining wall units from left-over concrete to keep it from the landfill and that vision has evolved and grown in the 33 year span of the company. We have developed a method of turning rubble concrete into reusable aggregates for road bases and producing fresh concrete. This process provides for LEED credits and keeps waste material from our landfills. Now, we have the ability to make Lock-Block™ units with 100% recycled aggregates at any specified compressive strength. We are continually looking for better ways to help our environment and minimize our impact on the ecosystem while providing a top-quality product that is noticed by the construction industry and engineering community around the world.
